2. Based on your local needs assessment, what percentage of Title IIIB funding is allocated to Legal Services?

Above the required minimum of 10% of total III B funding is allocated to LSNC for legal services in the 5-county region.

6. Specific to Legal Services, does the AAA collaborate with the Legal Services Provider(s) to jointly identify the target population? Discussion:

During the program monitoring visit with LSNC, the targeted populations are always discussed. LSNC and the AAA collaborate on various issues. The AAA keeps LSNC informed of legal issues or areas of concern heard within the senior network. The AAA helps to promote LSNC through outreach at community events, refers potential clients to the program and informs the legal program of upcoming outreach events.

7. Specific to Legal Services, what is the targeted senior population and mechanism for reaching targeted groups in your PSA? Discussion:

The targeted senior population includes low income, minorities, age 75+, rural, and the LGBT community. LSNC also has an ongoing grant which funds services to the same groups for low-income persons. Outreach efforts, at large, focus on senior centers and other regionally based service providers to ensure that these groups are informed of legal services available.

8. How many legal assistance service providers are in your PSA? Complete table below.

Fiscal Year	# of Legal Assistance Services Providers

10. What methods of outreach are Legal Services providers using? Discuss:

LSNC conducts presentations to senior center participants and for professional organizations; GIS mapping using census information is used to identify areas of need; community health/resource fairs, conferences, etc. are also used as a method of outreach. LSNC attended the Hispanic Fair, Senior Fairs and Project Homeless

connect (low income), Senior Fraud Prevention Fair, Yreka Senior Services Fair, last year and will attend other opportunities as they arise.

LSNC also conducted presentations to non-profit staff members in our service area that serve low-income individuals and senior advocates to educate them on the services offered for referral information.

Coordinated presentations conducted by LSNC included Copper Ridge (local organization for seniors & disabled) and targeting senior apartment complexes. Efforts were made by LSNC to reach the Mien community members and Native American groups: LSNC staff met with mosques to meet with community members; and LSNC staff regularly attended Older Adult Policy Council meetings in Shasta County.

Access to legal services offered by LSNC is acquired by phone, fax, word-of-mouth, and through outreach activities. Appointments are made through the home-base Redding (Shasta County) office. Further, appointments and visits are made throughout all senior centers within our 5 county region to provide more efficient and local services.

15. What are the barriers to accessing legal assistance in your PSA? Include proposed strategies for overcoming such barriers. Discuss:

Minority populations generally are not responsive to legal services into their area due to lack of trust. LSNC is currently building relationships with community leaders in these populations to assist with this barrier. Additionally, many of the older adult population live in very rural/isolated areas which creates challenges in LSNC's outreach efforts and prohibits in-person services during the strong winter months. In 2015-2016, LSNC Shasta provided onsite services to very rural isolated areas year-round. LSNC is able to serve seniors with mobility challenges by phone and e-mail.

16. What other organizations or groups does your legal service provider coordinate services with? Discuss:

LSNC coordinates of services with Northern Valley Catholic Social Services, Redding/Shasta Continuum of Care, People of Progress, City of Redding Housing Authority, Beacon of Hope, Human Response Network, Senior Centers, Family Resource Centers, and County Family Law Facilitators.
