Introduction

What are the Service Categories and Data Dictionary documents (Data Dictionary)?

The Data Dictionary is a compilation of all Older Americans Act Title III and VII Service Categories and Units of Service Definitions which are fiscally allowed by California [i.e. may be paid for under Older Americans Act (OAA) and Older Californians Act (OCA) rules].

What CDA programs are excluded from the Titles III and VII Data Dictionary?

- Senior Community Service Employment (Title V)
- Long-Term Care Ombudsman Program (LTCOP)
- Health Insurance Counseling and Advocacy Program (HICAP)
- Multipurpose Senior Services Program (MSSP)
- Other Community-Based Services Programs (CBSP) – Alzheimer’s Day Care Resource Center (ADCRC), Brown Bag, Linkages, Respite Purchase of Service, Senior Companion, etc.
- Aging and Disability Resource Connection (ADRC)
- Direct Care Workforce Program (CAL GROWs)
- CalFresh Healthy Living (CFHL) and CalFresh Expansion (CFE)
- Community-Based Adult Services (CBAS)
- Caregiver Resource Centers (CRC)
- Dignity at Home Fall Prevention Program (DAHFP)
- Office of the Long-Term Care Patient Representative (OLTCPR)

What is the purpose of the Data Dictionary?

- Consolidate and un-duplicate all OAA/OCA Service Categories and Units of Service definitions, where possible;
- Capture the “Other” Title III categories that don’t fit anywhere else; and
- Report on all federal OAAPS services provided through federal OAA Area Plan funds.

Who uses the Data Dictionary?

- AAA staff (e.g. planners, fiscal officers, data analysts) use the **Data Dictionary** for planning and reporting purposes.
- CDA staff (e.g. program analysts, fiscal analysts, data analysts) reference the Data Dictionary to ensure AAA activities follow the definitions outlined in the **Data Dictionary**.

How to reference the Data Dictionary:

- It is structured by OAA Title and then follows an alphabetical order by service name.
- Title III E Family Caregiver Services for both “Caregivers of Older Adults” and “Older Relative Caregivers” are listed in one combined section. However, any services planned, funded, and provided for “Older Relative Caregivers” must be done separately from “Caregivers of Older Adults.”
- Fiscally allowable activities for which no performance data is required are incorporated into the document.
- Each category can be referenced by its:
 - Dictionary Number
 - Service Category
 - Unit Measure
 - Service Definition
 - Reporting Requirements
 - Priority Service
- The Dictionary Number is for document references purposes and are specific to each version of the Data Dictionary and may change.
- A Quick Lookup Table with all of this information summarized is included.
- A Contact List and a Glossary of Terms and Acronyms are also included for convenience.
- When applicable, a Summary of Changes table can be found at the end.
